**DISCLOSURE STATEMENT
STONY RIDGE CONDOMINIUMS**

I. Introduction

Condominium development in Michigan is governed by Act 59 of the Michigan Public Acts of 1978, as amended (the "Condominium Act").

This Disclosure Statement, together with copies of the legal documents required for the creation and operation of the project, are furnished to each purchaser pursuant to the requirement of Michigan law that the Developer of a condominium project disclose to prospective purchasers the characteristics of the condominium units which are offered for sale.

II. The Condominium Concept

Condominium is a form of real property. A condominium unit has the same legal attributes as any other form of real property under Michigan law and may be sold, mortgaged or leased, subject only to such restrictions as are contained in the condominium documents or as otherwise may be applicable to property.

Each owner receives a deed to his individual condominium unit. Each owner owns, in addition to his unit, an undivided interest in the common facilities ("common elements") which comprise the project. Title to the common elements is included as part of, and is inseparable from, title to the individual condominium units. Each owner's proportionate share of the common elements is determined by the percentage of value assigned to his unit in the Master Deed described in Section IV of this Disclosure Statement.

All portions of the project not included within the units constitute the common elements. Limited common elements are those common elements which are set aside for use by less than all unit owners. General common elements are all common elements other than limited common elements.

The project is administered generally by a non-profit corporation of which all owners are members (the "Association"). The nature and duties of the Association are described more fully in Section VI of this Disclosure Statement.

Except for the year in which the project is established, (or, in the case of units added to an expanding project by subsequent amendment to the Master Deed, the year in which such amendment is recorded), real property taxes and assessments are levied individually against each unit in the project. The separate taxes and assessments cover the unit and its proportionate share of the common elements. No taxes or assessments are levied independently against the common elements. In the year in which the project is established or in which an expansion amendment is

recorded, the taxes and assessments for the units covered by the Master Deed or expansion amendment are billed to the Association and are paid by the owners of such units in proportion to the percentages of value assigned to the units owned by them.

Although the foregoing is generally accurate as applied to most residential condominium developments, the details of each development may vary substantially. Accordingly, each purchaser is urged to carefully review the Master Deed, Condominium Bylaws and Condominium Subdivision Plans as well as any other documents that have been delivered to the purchaser in connection with this development. Any purchaser having questions pertaining to the legal aspects of the project is advised to consult his own lawyer or other professional advisor.

III. Description of the Condominium Project

A. General. Stony Ridge Condominiums is a 96-Unit residential Condominium Project.

B. Utilities. Stony Ridge Condominiums is served by water, sanitary sewer, gas, electric and telephone service. Gas service is furnished by Consumers Energy, electricity is furnished by Detroit Edison Company and telephone service is provided by Ameritech.

C. Roads. Stony Ridge Condominiums is served by Leticia Road North leading to the condominium. The interior roads in Stony Ridge Condominiums are private and also will be maintained by the Association. Replacement, repair and resurfacing of all roads, drives and parking areas within the project will be necessary from time to time as circumstances dictate. It is impossible to estimate with any degree of accuracy future roadway repair or replacement costs. It shall be the responsibility of the Association to inspect and perform preventive maintenance of condominium roadways on a regular basis in order to maximize the life of project roadways and to minimize repair and replacement costs.

D. Reserved Rights of Developer.

(1) **Expansion of Project.** The Developer has reserved the right to expand the project to no more than 96 units within a period ending no later than 6 years from the date of recording of the Master Deed. In connection with such expansion, the Developer has reserved the right to define and redefine general or limited common elements as may be necessary to adequately describe and service the expansion land and to change the nature of any common element previously included in the condominium project to achieve the purposes of such expansion, including, but not limited to, the connection of existing roadways and sidewalks to any roadways and sidewalks planned for the expansion land, and to

provide access to any condominium units over such roadways and sidewalks.

(2) **Modification of Units.** The Developer has reserved the right to modify the size, location, design or elevation of units and/or general or limited common elements by amendment to the Master Deed. Such modifications shall be in the sole discretion of the Developer without the consent of any other person.

(3) **Conduct of Commercial Activities.** The Developer has reserved the right to maintain on the condominium premises an office for conduct of commercial activities as it may elect together with a sales office, a business office, model units, storage areas, reasonable parking incident to the use of such areas, and such access to, from and over the condominium premises, as may be reasonable to enable development, sale and operation.

(4) **Right to Amend.** The Developer has reserved the right to amend the Master Deed without approval from owners and mortgagees for the purpose of correcting errors and for any other purpose so long as the amendment would not materially alter or change the rights of an owner or mortgagee. Further, certain provisions of the Master Deed cannot be amended without Developer approval.

(5) **Easements.** The Developer has reserved such easements over the condominium project (including all units and common elements) as may be required to perform any of the Developer's or the Association's maintenance, repair, decoration or replacement obligations.

(6) **Easements for Use of Utilities.** The Developer has reserved easements to utilize, tap, tie into, extend and enlarge all utility mains in the project in connection with the expansion of the project or the development of separate projects on the expansion land.

(7) **Easements for Use of Roads.** The Developer has reserved easements and rights of use over any roads and walkways in the project for the purpose of ingress and egress to and from any portion of the land that hereafter may be added to the project, regardless of how such land ultimately may be used.

(8) **Convertible Areas.** The Developer has reserved in Article VII of the Master Deed the right to expand and/or reduce the size of individual units, to construct Limited Common Element courtyards, to construct and/or relocate limited common elements and to construct decks within the Convertible Areas designated therein. The Developer must exercise this right within 6 years from the date of recording of the Master Deed.

(9) **General.** In the condominium documents and in the Condominium Act, certain rights and powers are granted or re-

served to the Developer to facilitate the development and sale of the project as a condominium, including the power to approve or disapprove a variety of proposed acts and uses and the power to secure representation on the Association Board of Directors.

E. Patio Areas. The limited common element patio areas for Units 33, 34, 35, 36, 37 and 38, are smaller than the patio areas for all other Units to keep these patio areas from encroaching on rear yard utility easements. Please see Sheet 3 of the Condominium Subdivision Plan for a complete description of all patio areas.

F. Square Footage Calculations. The square footage calculations shown on the Condominium Subdivision Plan are computed on the interior dimensions of the Unit. The square footages quoted in sales literature given to you will differ from those shown on the Condominium Subdivision Plan because these square footages are calculated on the exterior dimensions of the Unit.

IV. Legal Documentation

A. General. Stony Ridge Condominiums was established as a condominium project pursuant to a Master Deed recorded in the Oakland County Records. The Master Deed includes the Condominium Bylaws as Exhibit A and the Condominium Subdivision Plan as Exhibit B.

B. Master Deed. The Master Deed contains the definitions of certain terms used in connection with the project, the percentage of value assigned to each unit in the project, a general description of the units and common elements included in the project and a statement regarding the relative responsibilities for maintaining the common elements. Article VI covers expansion of the project, Article VII covers convertible areas, Article VIII covers easements, Article IX covers provisions for amending the Master Deed, and Article X provides that the Developer may assign to the Association or to any other entity any or all of its rights and powers granted or reserved in the condominium documents or by law.

C. Condominium Bylaws. The Condominium Bylaws contain provisions relating to the operation, management and fiscal affairs of the condominium and, in particular, set forth the provisions relating to assessments of Association members for the purpose of paying the costs of operation of the condominium project. Article VI contains certain restrictions upon the ownership, occupancy and use of the condominium project. Article VI also contains provisions permitting the adoption of rules and regulations governing the common elements. At the present time, no rules and regulations have been adopted by the Board of Directors of the Association.

D. Condominium Subdivision Plan. The Condominium Subdivision Plan is a three-dimensional survey depicting the physical

location and boundaries of each of the units and all of the common elements in the project.

V. The Developer

A. **Developer's Background and Experience.** The Developer of Stony Ridge Condominiums is MJC Stony Ridge, L.L.C., a Michigan limited liability. Michael A. Chirco, a principal of the Developer, has extensive experience in residential development, including the following condominium projects: Knollwood Village Condominium, Knollwood Pointe Condominiums, Lakeside Villas, Heatherwood Estates, Oakbrooke Village Condominium, The Arbors and The Parc at Vineyards.

B. **Legal Proceedings Involving the Condominium Project or the Developer.** The Developer is not presently aware of any pending judicial or administrative proceedings involving the condominium project or the Developer which would be material to a Purchaser.

VI. Operation and Management of the Condominium Project

A. **The Condominium Association.** The responsibility for management and maintenance of the project is vested in the Stony Ridge Condominiums Association, which has been incorporated as a non-profit corporation under Michigan law. The Bylaws include provisions that govern the procedural operations of the Association. The Association is governed by its Board of Directors whose initial members are designees of the Developer.

Within 120 days after conveyance of legal or equitable title to non-developer co-owners of 25% in number of the units that may be created, 1 of the 5 directors will be selected by non-developer co-owners of units; within 120 days after conveyance of legal or equitable title to non-developer co-owners of 50% in number of the units that may be created, not less than 2 of the 5 directors will be selected by non-developer co-owners of units; and 120 days after conveyance of legal or equitable title to non-developer co-owners of 75% in number of the units that may be created, the non-developer co-owners shall elect all directors, except that the Developer shall have the right to designate at least 1 director as long as it owns at least 1 unit in the project. Regardless of the number of units conveyed, 54 months after the first conveyance, non-developer co-owners may elect directors in proportion to the number of units which they own.

Within 120 days after 1/3 of the total number of units that may be created have been conveyed or 1 year from the date of the first conveyance, whichever first occurs, the Developer shall establish an advisory committee to serve as liaison between the non-developer co-owners and the Developer.

The First Annual Meeting must be held on or before the expiration of 120 days after the conveyance of legal or equitable

title to non-developer co-owners of 75% in number of all units that may be created or within 54 months after conveyance of the first unit, whichever first occurs. At the First Annual Meeting, the co-owner members of the Association will elect directors, and the directors in turn shall elect officers for the Association. The Developer's voting rights are set forth in Article VIII, Section 2 of the Bylaws.

B. Percentages of Value. The percentages of value for Stony Ridge Condominiums were computed on the basis of comparative characteristics of various units. The percentage of value for each unit is equal. Total value for the entire project is precisely 100. In Stony Ridge Condominiums, the percentage of value assigned to each unit determines, among other things, the value of each co-owner's vote and his proportionate share of regular and special Association assessments and of the proceeds of administration of the project.

C. Project Finances.

(1) **Budget.** Article II of the Condominium Bylaws requires the Board of Directors to adopt an annual budget for the operation of the project. The initial budget for the project was formulated by the Developer and is intended to provide for the normal and reasonably predictable expenses of administration of the project, and includes a reserve for replacement of major structural and other components of the project in the future. Inasmuch as the budget necessarily must be prepared in advance, it reflects the estimates of expenses made by the Developer. To the extent that estimates prove inaccurate during actual operations and to the extent that the goods and services necessary to service the condominium project change in cost in the future, the budget and the expenses of the Association also will require revision. The current budget of the Association has been attached to this Disclosure Statement.

(2) **Assessments.** Each co-owner of a unit included within the project must contribute to the Association in proportion to the percentage of value assigned to the unit(s) owned by him to defray expenses of administration. The Board of Directors may also levy special assessments in accordance with the provisions of Article II, Section 3 of the Condominium Bylaws.

The Developer shall only be responsible for payment of the full monthly Association assessment with respect to completed units and occupied units that it owns. The Developer shall not be responsible whatsoever to the Association for any payments in connection with incomplete units. The Developer shall independently pay all direct costs of maintaining incomplete units for which it is not responsible to pay the regular maintenance assessments.

(3) **Possible Additional Liability.** Each purchaser is advised of the following possible liability of each co-owner

under Section 58 of the Condominium Act:

If the holder of the first mortgage or other purchaser of a condominium unit obtains title to that unit by foreclosing that mortgage, the holder of the first mortgage or other purchaser is not liable for unpaid assessments which are chargeable against that unit and which had become due prior to foreclosure. These unpaid assessments are common expenses which are collectible from all unit owners including the holder of the first mortgage who has obtained title to the unit through foreclosure.

D. Condominium Association Management Contract. The Condominium Bylaws do not require that the Association employ a professional management agent to manage the affairs of the condominium. The Association has entered into a management agreement with Metropolitan Property Management, Inc., whose address is 42850 Schoenherr Road, Sterling Heights, Michigan 48313. The management fee is shown in the budget attached hereto. Metropolitan Property Management, Inc., has established itself as a leader in the field of condominium management. Presently, they are managing in excess of \$80,000,000.00 of properties in Macomb and Oakland Counties. These properties include commercial and residential ranging from 10 to 325 units with annual assessments in excess of \$2,000,000.00. The Association may terminate the agreement on the "transitional control date" or at any time within 90 days thereafter. The "transitional control date" means the date on which a Board of Directors for the Association takes office pursuant to an election in which the votes which may be cast by eligible co-owners unaffiliated with the Developer exceed the votes which may be cast by the Developer.

E. Insurance.

(1) **Title Insurance.** The Purchase Agreement provides that the Developer shall furnish each purchaser with a commitment for an owner's title insurance policy issued by Chicago Title Insurance Company at or prior to closing, and that the policy itself shall be provided within a reasonable time after closing. The cost of the commitment and policy is to be borne by the Developer. Each purchaser should review the title insurance commitment with a qualified advisor of his choice prior to closing to make certain that it conforms to the requirements of the Purchase Agreement.

(2) **Other Insurance.** The condominium documents require that the Association carry fire and extended coverage, vandalism and malicious mischief and liability insurance and workmen's compensation insurance, if applicable, with respect to all of the common elements of the project. The insurance policies have deductible clauses and, to the extent thereof, losses will be borne by the Association. The Board of Directors is responsible for obtaining insurance coverage for the Association. Each co-owner's pro rata share of the annual Association insur-

ance premiums is included in the monthly assessment. The Association insurance policies are available for inspection during normal working hours. A copy of the Certificate of Insurance with respect to the condominium project will be furnished to each co-owner upon closing the sale of his unit. Each co-owner is responsible for obtaining insurance coverage with respect to the interior and contents of his unit to the extent indicated in Article IV of the Condominium Bylaws, as well as for liability for injury within his unit and upon limited common elements assigned to his unit, and for alternative living expense in the event of fire. The Association should periodically review all insurance coverage to be assured of its continued adequacy and co-owners should each do the same with respect to their personal insurance.

F. Restrictions on Ownership, Occupancy and Use. Article VI of the Condominium Bylaws contains comprehensive restrictions on the use of the condominium units and the common elements. It is impossible to paraphrase these restrictions without risking the omission of some portion that may be of significance to a purchaser. Consequently, each purchaser should examine the restrictions with care to be sure that they do not infringe upon an important intended use.

The following is a list of certain of the most significant restrictions:

(1) Units are to be used for single-family residential purposes only.

(2) With certain exceptions, no co-owner may lease less than his entire unit, nor lease his unit for less than an initial term of 6 months without the approval of the Association. Although it is the Developer's intention to sell all of the units that it owns in the project, it will necessarily require some time for the Developer to achieve this goal. Further, market conditions and other factors beyond the Developer's control may impede the Developer's efforts to complete its sales program and may necessitate the suspension of the sales program from time to time. Accordingly, the Developer may lease all unsold units in the project for such terms as may be most compatible with achievement of the Developer's sales program in an effort to keep the project fully occupied throughout the duration of such program.

(3) No animal, including household pets, except 1 dog or 1 cat which shall not exceed 25 pounds in weight, shall be kept without the prior written consent of the Board of Directors, which consent, if given, shall be revocable at any time by the Board for failure by pets or their owners to observe provisions of the Bylaws or rules and regulations of the Association pertaining to pets.

(4) There are substantial limitations upon physical

changes which may be made to the units and common elements in the project, and upon the uses to which the common elements and units may be put.

(5) Reasonable regulations may be adopted by the Board of Directors of the Association concerning the use of common elements, without vote of the co-owners.

None of the restrictions apply to the commercial activities or signs of the Developer.

VII. Rights and Obligations as Between Developer and Co-owners

A. **Before Closing.** The respective obligations of the Developer and the purchaser of a condominium unit in the project prior to closing are set forth in the purchase agreement and the accompanying escrow agreement. Those documents should be closely examined by all purchasers in order to ascertain disposition of earnest money deposits advanced by the purchaser at the time of closing, anticipated closing adjustments, and the obligation of both parties with respect to modifications to the standard unit and extra installations. The Escrow Agreement provides, pursuant to Section 103b of the Condominium Act, that the escrow agent shall maintain sufficient funds or other security to complete improvements shown as "must be built" on the Condominium Subdivision Plan until such improvements are substantially complete. Funds retained in escrow are not to be released to Developer until issuance of a certificate of occupancy, if applicable, conveyance of title to a purchaser and confirmation by the escrow agent that all improvements labeled "must be built" are substantially complete.

B. **At Closing.** Each purchaser (except a purchaser under land contract) will receive by warranty deed fee simple title to his unit subject to no liens or encumbrances other than the condominium documents and those other easements and restrictions as are specifically set forth in the condominium documents and title insurance commitment.

C. After Closing.

(1) **General.** Subsequent to the purchase of the unit, relations between the Developer and the co-owner are governed by the Master Deed, except to the extent that any contractual provisions of the Purchase Agreement are intended to survive the closing.

(2) **Condominium Project Warranties.** The Developer is warranting each of the units against defects in workmanship and materials for a period of 1 year from the date of closing the sale of the pertinent unit, as more particularly set forth in the Limited Warranty which accompanied the Purchase Agreement. Except for emergencies or in other extraordinary circumstances, all warranty claims must be submitted in writing to the Developer

at its address appearing on the cover sheet of this Disclosure Statement within the applicable 1-year warranty period. In the case of emergencies or in other extraordinary circumstances where written communications would be inappropriate, purchasers should contact the Developer by telephone at the number shown on the cover of this Disclosure Statement. This warranty is extended only to the first purchaser of each unit and is not transferable. The terms of the Developer's warranty are completely set forth in the Limited Warranty which accompanied the Purchase Agreement, and it is recommended that you examine the Limited Warranty and review it with advisors of your choice prior to the execution of the Purchase Agreement and the closing on the purchase of your condominium unit. LIMITED WARRANTIES ARE PROVIDED AS STATED. EXPRESS WARRANTIES ARE NOT PROVIDED UNLESS SPECIFICALLY STATED.

VIII. Purpose of Disclosure Statement

The Developer has prepared this Disclosure Statement in good faith, in reliance upon sources of information believed to be accurate and in an effort to disclose material facts about the project. Each purchaser is urged to engage a competent lawyer or other advisor in connection with his or her decision to purchase a unit. In accepting title to the unit in the condominium project, each purchaser shall be deemed to have waived any claim or right arising out of or relating to any immaterial defect, omission or misstatement in this Disclosure Statement.

The Michigan Department of Commerce publishes The Condominium Buyer's Handbook which the Developer has delivered to you. The Developer assumes no obligation, liability, or responsibility as to the statements contained therein or omitted from The Condominium Buyer's Handbook.
